

Yahweh God, the Sovereign Creator triune ALONE is the source of faithful and enduring love. No other “god concept” can \_\_\_\_\_ justify love.

Even in Intelligent Design the cosmic Minds is cold. ID does not speak to or answer why a cosmic Mind is or isn't the source of desire, love, attraction, adoration of beauty or covenant love; only Christ who brings us to the \_\_\_\_\_ God.

## What is the true and enduring source of love?

Atheism: No answer (only basis for morality is “scum” – chemicals, carbon, dust)

Buddhism: No answer (ironically “compassion” is the supreme virtue in Buddhism, but what’s the point if you are “one with everything” and eventually you have no true identity)

Hinduism: No answer (Karma is a very cruel “master,” has no mind and thus impossible to please)

Judaism: No answer (They change YHWH. Main focus: Torah keeping/tradition, not God’s Heseid)

Humanism: No answer (Do what is best for humanity. Since humanity is supreme, it involves killing other humans. The idea of covenant love is at best fluid and depends on the Zeitgeist)

Islam: No answer (Allah is alone, a monadic god; has no reason to love. Submission is the dominate idea in Islam. In Christianity GRACE is the dominate idea, not submission)
